Dombivli, Mumbai, Maharashtra, India | +91 8874377426 | pndeyyash@gmail.com

Portfolio | LinkedIn | GitHub

Professional Summary

Full Stack Developer skilled in MERN stack development with hands-on experience building responsive web applications, authentication systems, REST APIs, and payment integrations. Interested in building scalable and user-focused applications with clean frontend and backend architecture.

Education

Shambhunath Institute of Engineering
Bachelor of Computer Applications (BCA)

Prayagraj, UP
Graduated: 2026

CBSE Board Senior Secondary Education
High School & Intermediate Certification

Pratapgarh, UP
Completed: 2023

Technical Skills

Languages: JavaScript, TypeScript, Python, Java, C++, C, C#

Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS

Backend & Databases: Node.js, Express.js, Flask, REST APIs, MongoDB, MySQL

Tools & Platforms: Git, GitHub, Postman, Vercel, Render

Experience

Full Stack Development Intern

Code Alpha

Remote

Sep 2025 – Oct 2025

- Built and improved full-stack web applications using React.js, Node.js, and MongoDB.
- Developed utility-based projects including a URL shortener and validation tools with API integration.

Projects

SentinelFace: Biometric Terminal

Academic Capstone Project

Python, OpenCV, Flask, MongoDB

- Built a biometric authentication system using Python, OpenCV, and Flask with blink detection to improve face verification security.
- Added geofencing functionality using the Haversine algorithm to restrict access outside a defined location range.
- Implemented offline data storage using CSV caching and synchronized records with MongoDB when connectivity was restored.

Vardhan Wears: E-Commerce PWA

Production Web Application

MERN Stack, Razorpay, Cloudinary

- Developed a mobile-responsive MERN e-commerce application with PWA support and Cloudinary image management.
- Built shopping cart and inventory management features with backend stock validation.
- Implemented JWT authentication and integrated Razorpay payment gateway with payment verification.

Achievements

Hackathons: Won 1st position in two consecutive college project hackathons.

Technical Presentation: Secured 1st position in a regional technical presentation competition.

Coding Challenges: Participated in competitive coding and technical events including Codestorm 2025.
